SUMMARY

MERN Stack / Full Stack Developer with hands-on experience in building CRUD-based web applications, RESTful APIs, and dashboard-style interfaces using React, Node.js, Express, and MongoDB. Strong background in frontend development with Tailwind CSS, API integration, and database operations. Currently working as a Full Stack Developer Trainee at ZN Infotech, focused on real-world project development.

EDUCATION

Integral University

Bachelor of Computer Applications

Lucknow, Uttar Pradesh

Aug. 2019 – July 2022

Graphic Era University

Master of Computer Application

Dehradun, Uttarakhand

Aug. 2023 – June 2025

WORK EXPERIENCE

Full Stack Developer Trainee

June 2025 – Present

ZN Infotech, Lucknow

- Working on real-world MERN stack applications with end-to-end frontend, backend, and database integration.
- Developing CRUD-based management systems using React, Node.js, Express.js, and MongoDB.
- Building and integrating RESTful APIs (GET, POST, PUT, DELETE) with proper error handling and async/await.
- Designing responsive user interfaces with React and Tailwind CSS, and managing code using Git & GitHub.

PROJECTS

Student Database Management System | *React, Node.js, Express.js, MongoDB, Tailwind CSS*

Nov 2025

- Developed a full-stack student database management system with a dashboard-style user interface using React.
- Implemented complete CRUD functionality for student-related entities using Node.js, Express.js, and MongoDB.
- Created reusable modal-based forms for Add and Edit operations with efficient state management.
- Integrated frontend and backend using RESTful APIs, and implemented routing with React Router.

Learning Management System (LMS) | *React, Node.js, Express.js, MongoDB, Tailwind CSS*

Feb 2026

- Designed and developed a full-stack Learning Management System (LMS) using React for the frontend and Node.js with Express.js for the backend, following RESTful API architecture.
- Implemented user authentication and authorization for multiple roles (Admin, Instructor, Student) using secure login, registration, and session handling.
- Integrated MongoDB (Mongoose) for efficient data modeling and management of users, courses, lessons, and enrollment.
- Implemented CRUD operations, form validation, and error handling for smooth user interaction.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, React Hooks, React Router, Tailwind CSS,

Backend: Node.js, Express.js, RESTful APIs, MongoDB, Mongoose, CRUD Operations, CORS, Async/Await

Tools: Git, GitHub, Postman, MongoDB Compass, VS Code

Additional Knowledge: C++, Python, Java (basics)

TRAINING & CERTIFICATIONS

Web Full-Stack Development Virtual Internship (Unified Mentor)

KEY STRENGTHS

Problem Solving • API Integration & Debugging • AI-assisted development for faster and efficient delivery
